Hallmark Health System is dedicated to patient recovery and family support through sophisticated care services built on a simple philosophy of trying to help those who suffer with mental illness through intelligent, respectful, empowering and compassionate collaboration. Behavioral Health services at Hallmark Health are recognized for innovative and best practices by accrediting agencies.

Faculty appointments at Tufts University School of Medicine at appropriate rank are available.

Hallmark Health is an academic affiliate of Tufts University School of Medicine. Psychiatry residents at Tufts Medical Center rotate at Lawrence Memorial Hospital of Medford and Melrose-Wakefield Hospital.

Our hospitals are working in growing clinical collaboration with Tufts Medical Center.
